

# AKSHARA D

Aspiring Data Analyst | AI & Machine Learning Student

KODAGU, KARNATAKA | 7019493145 | aksharaa.d24@gmail.com | www.linkedin.com/in/aksharad1524

## OBJECTIVE

Artificial Intelligence & Machine Learning undergraduate with hands-on experience in Python, SQL, Data Analytics, Power BI, Frontend Development, and Software Development. Proficient in data visualization, dashboard development, business intelligence, and machine learning concepts, with strong analytical and problem-solving abilities. Seeking an entry-level role or internship to apply technical expertise and data-driven decision-making skills to develop innovative solutions, contribute to organizational success, and enhance professional growth.

## EDUCATION

### KVG College of Engineering, Sulya, D.K

08/2023 - 06/2027

Bachelor of Engineering in Artificial Intelligence and Machine Learning

Affiliated to Visvesvaraya Technological University, Belagavi

- Maintaining an 8.3 CGPA, ranking among the top-performing students in the program.
- Completed coursework in Data Structures, DBMS, Operating Systems, Computer Networks, and Artificial Intelligence.

### St. Joseph's Pre-University College, Mysore

06/2021 - 03/2023

Pre-University Education (PUC)

Affiliated to Department of Pre-University Education, Karnataka

- Developed analytical thinking, problem-solving, quantitative reasoning, and communication skills through coursework in Science and Mathematics.

## TECHNICAL SKILLS

**Programming Languages:** C, Python, SQL, HTML, CSS, JavaScript

**Core Technical Areas:** Artificial Intelligence, Machine Learning, Data Analytics, Data Visualization, Business Intelligence, DBMS, Power BI, Tableau, Microsoft Excel

**Soft Skills:** Leadership, Team Collaboration, Problem Solving, Time Management, Communication, Decision Making

## Internship Experience

### Python Intern | CodSoft

July 2026 – Present

- Developed Python applications, including a To-Do List, Simple Calculator, and Password Generator.
- Applied core Python concepts such as functions, loops, conditionals, and user input handling. Designed user-friendly solutions while following coding best practices.
- Tested and debugged applications to ensure reliable performance.

## PROJECTS

### Textile Upcycling Website | HTML, CSS, JavaScript, Python

Developed a web platform for textile waste recycling and upcycling with tracking and reward-based user engagement..

### Portfolio Website | HTML, CSS, JavaScript

Designed and developed a responsive portfolio website to showcase skills, projects, and certifications.

### To-Do List Application | Python

Built a task management application that enables users to create, organize, update, and track daily tasks efficiently.

### Password Generator | Python

Created a secure password generation tool that produces strong, randomized passwords to enhance user account security.

### Simple Calculator | Python

Developed a calculator application capable of performing basic arithmetic operations through a user-friendly interface.

## CERTIFICATIONS

- Tata - GenAI Powered Data Analytics Job Simulation
- Deloitte Australia - Data Analytics Job Simulation
- Infosys SpringBoard - Machine Learning using Python
